

Hai Hung Nguyen

Front-End Developer

INTRODUCE

I am studying in final-year student at University of Information Technology VNU-HCM. I have aimed to become a full-stack developer. At the moment, I am now working as a front-end developer to step one step closer to my goal. And I'm still looking for more opportunities, more challenges to build up working experiences and honing my both soft and technical skills.

PROJECT

Website Wordpress [03/2021 - 07/2021]

Link website: techdealgiatot.xyz

- It is a website to compare prices, evaluate technology products on the largest websites and e-commerce platforms today.
- Main responsibilities: I am responsible for website design, web crawler, website integration with Accesstrade affiliate marketing.

Other project [08/2018 - Present]

Front-end Developer
